

SuffOil-X®

SuffOil-X is an Insecticide, Miticide and Fungicide that suffocates pests. It is a unique concentrate of pre-emulsified, highly refined, high paraffinic, low aromatic oil. Approved for organic production, it is the ideal choice for effective insect, mite and disease control in a broad range of greenhouse, nursery and vegetable crops.

Active Ingredient: Mineral Oil

Benefits & Features

- Suffocates eggs, larvae, nymphs and adult soft bodied insects and mites
- Pre-emulsified to achieve uniform coverage
- Stays in suspension as a homogeneous mix without vigorous agitation
- Works well in high- or low- pressure spray applications
- Excellent compatibility with pesticides labeled for use with oil
- Penetrates dense spots in plant canopy
- Exempt from residue tolerance

INSECT & MITE CONTROL

SuffOil-X applications are more uniform than conventional oil emulsions. The uniformity improves effectiveness and greatly reduces the chance of plant phytotoxicity.

SUPERIOR FORMULATION

SuffOil-X does not risk crops by using heavy oils. The unique formulation provides excellent coverage with less risk.

STABLE AND RELIABLE

SuffOil-X will not separate for many hours in a spray tank. The stable emulsion is long lasting ensuring the spray application is consistent.

SUSTAINABLE. SIMPLE. SUPPORT.

For over 25 years, BioWorks has been helping our customers to develop effective and efficient programs using safer, sustainable products - backed by a personalized approach to support.

At BioWorks, we strive to simplify the use of biologicals with our ongoing commitment to information, education and service.

INSECTICIDE, MITICIDE AND FUNGICIDE FOR ORGANIC PRODUCTION

PRODUCT INFORMATION

- Mineral Oil
- Available Sizes: 2.5 gal and 30 gal
- Registered for use in the USA except DC

REI & PHI

- 4-hour REI, 0-day PHI

SHELF LIFE

- | | |
|-----------------------------|---------------|
| Below 32 °F (0 °C): | Do not freeze |
| Refrigeration 40 °F (4 °C): | Not needed |
| 70 - 75 °F (21 - 24 °C): | 2 years |
| Above 75 °F (24 °C): | Store cool |

For use on vegetables, nursery, landscape, ornamental and greenhouse crops
 EPA registered: Reg. No. 48813-1-68539 MPS Code: 3444/Orange

APPLICATION NOTES

LIGHT SPRAY OIL (GENERAL GUIDELINES)

- | | |
|--|---|
| <ul style="list-style-type: none"> • Ensure thorough coverage • Do not apply on overcast, humid days or after rain; apply when oil will dry in 1-2 hours • Spray when humidity is less than 90% • Spray early in the day before temperatures reach 90-95 °F (33-35 °C) | <ul style="list-style-type: none"> • Ensure soil moisture is adequate and plants are not drought stressed • Do not mix with sulfur-based fungicides or insecticides • Apply horticultural oils only when the temperature is above 40 °F and there is no danger of freezing |
|--|---|

APPLICATION RATES

Mix 1-2 gal of SuffOil-X per 100 gal of water.

SuffOil-X is labeled for use on a wide variety of crops within these categories:

- | | |
|---|--|
| <ul style="list-style-type: none"> • Field crops • Flowers • Foliage plants • Greenhouse ornamentals • Ornamentals | <ul style="list-style-type: none"> • Shade trees • Shrubs • Small fruits • Tree crops • Vegetable crops |
